## NAZI STYLE CONCENTRATION CAMPS IN 21<sup>ST</sup> CENTURY?

Currently There are over 3 Million human beings held in Nazi Style Concentration camps in East Turkistan occupied by China and renamed as Xinjiang. We are trying to promote human rights and raise awareness in our Communities about the Genocide faced by Muslim Uyghurs in East Turkistan. In the last three years most of the Uyghurs around the world had their relatives taken into Chinese Concentration camps. Uyghur Muslims are suffering inhumane Genocide by the Chinese government. We would like to raise awareness through this flyer and with your help about the ongoing Genocide.

## WHY IS THE CHINESE GOVERNMENT ARBITRARILY DETAINING UYGHURS IN CONCENTRATION CAMPS?

The Chinese government has Occupied East Turkistan since 1949. Oppression has been going on since then but in the last 3 years China has been very aggressive. It has become unbearable and they have turned the oppression into a Genocide. Their main Goal is to take full ownership of the land that Uyghurs have been living in for the last 4000 years. Chinese government wants the natural resources and total control of the area for their economic plan to expand to Europe, Asia, Middle East and Africa. This plan, known as the Belt and Road Initiative is to export Chinese goods on trains to all parts of the World more efficiently and take control of countries on its path by slowly burying them into debt. Three routes of BRI pass through East Turkistan and for that reason they want to make sure we can never ask for our land back by Exterminating our Uyghur identity, religion and ethnicity. Concentration camps are the most efficient and quiet way to do it, that is why we are looking to raise more awareness and help those Human Beings in the camps.

## WHAT IS IT LIKE IN CONCENTRATION CAMPS?

Uyghurs are sent to the camps without a trial. Many people are detained in small rooms forced to renounce Islam, criticize their own Islamic beliefs and those of fellow inmates, and recite Communist Party propaganda songs for hours each day. Uyghur Muslims are forced to eat pork and drink alcohol. Detainees are forced to learn Chinese regardless of age and learn Communist Party

laws. They rarely see their families depending on their situation maybe once a week or once a month or not at all.

Women detainees are abused by male guards in many ways, their children are sent to Chinese state sponsored orphanages for brain washing. Some of the male detainees' wives that are not in concentration camps

are forced to marry Chinese officials or soldiers. These humans become test subjects for medication and drugs, if needed their organs will be harvested for others and their bodies will be cremated to dispose of evidence.

They are tortured on a daily basis to erase their identity and because they are Uyghur Muslims.

## WHAT DOES THE WORLD SAY ABOUT CHINA'S CONCENTRATION CAMPS?

The sheer scale of the internment camp system, which according to The Wall Street Journal has doubled in China's north-western Xinjiang region just within the last year, is mindboggling.

The U.S. Congressional-Executive Commission on China describes it as "the largest mass incarceration of a minority population in the world today."

Ms. Cheryl Hardcastle (Windsor—Tecumseh, NDP): "Uyghur Muslims in so-called re-education camps a sweeping program of ethnic cleansing".

"The total capacity at Dabancheng would increase dramatically, GBA suggests, with an outer limit of about 130,000. It appears as a place designed to pack as many people into as small an area as possible Raphael Sperry, Architects"

US Lawmaker Republican Congressman Christopher Smith co-chairs the bipartisan Congressional-Executive Commission on China with Republican Senator Marco Rubio. The two lawmakers accuse China of Genocide in Treatment of Uyghur Muslims
